Applicant ID

Registration · https://glaarg.org/docs/guidance/registration/applicantid/

The applicant must produce a government or school photo ID that will prove to an examiner’s satisfaction that he or she is the person he or she says. Some states may have electronic IDs. You may find Driver’s Licenses that appear valid on the face but when you turn them over they are either blank or have no magnetic stripe! The name on the ID should match the ET registration which will be sent to the FCC. Do not make notes, screen capture, or video recordings of any kind relative to the numbers or other data on the ID – it is illegal.
