Common Question: What did I miss?

Grading Exams · https://glaarg.org/docs/guidance/grading/common-question-what-did-i-miss/

It is up to the Session Manager’s discretion to tell the examinee how many questions they missed and which questions. Sharing questions may compromise exams if GradeCam exams are not uniquely generated. If fully remote or tablet, then you may give out their results more freely. You may not tell anyone else whether or not an examinee passed or failed.
