When in Doubt, Ask!

Registration · https://glaarg.org/docs/guidance/registration/when-in-doubt-ask/

This document covers most of the situations we've encountered over the years. If there is anything else you are hazy about, don't hesitate to call, send an e-mail, or reach out to the Session Manager channel on Discord. It is best not to guess.

Remember, the information in this area is a guideline for a successful session. The procedure can be rearranged to fit the individual circumstances of the environment and personnel. It is helpful at the end of a session to gather your team together for a debriefing. Make a note of the things you need to do differently and thus be prepared for a better session the next time.

If you have a question about whether something you want to do is legal or not, call Ashley for a reading on it.
